SUBJECT: North West District Games, Tournaments and Travel Information

As we approach the start of the 23-24 Season, this bulletin will serve to support understanding of the application processes for exhibition game approvals, league game changes, tournaments, and travel approvals.

As a reminder all exhibition games and tournament games played within the NWD will use the Spordle Play E-game Sheet App for both Representative and Recreational leagues and all games for U11 and above divisions.

All games will be entered by the NWD Hi Sports Administrator similar to the process used for leagues games.

MHA's will need to ensure as the host associations shall request a Hockey Canada Registry roster from each team not from the North West District attending their tournament or exhibition games. Excel spreadsheets and/or email rosters will not be accepted.

Refer to the North West District Handbook, Regulation Six ~ Exhibition Games, Jamborees and Tournaments

Please refer to Bulletin 2023-005 Spordle Play and Tournaments.
